To Whom It May Concern:

May 8, 2018

**Subject: 2018 China Chapter Conference of International Institute for Sustainable Laboratories**

China Chapter of International Institute for Sustainable Laboratories as a branch of International Institute for Sustainable Laboratories will hold I<sup>2</sup>SL conference at the China National Convention Center (CNCC) on July 30-31, 2018.

The conference topic is based on “sustainable laboratories”, divided into eight sub-topics, each held in four separate conference venues. The main topics are inclusive of laboratory certification and management, international outstanding building case study, current trend in lab design and building, science and technology center construction and management, hospital lab design, current challenges in green lab and smart laboratory construction.

Exhibition will also be held corresponding to the conference, dated July 31, 2018. This will be a communication platform for lab users, manufacturers and vendors. After the conference, representatives of the conference will be organized to visit advanced laboratories such as National Human Genetic Resources Sharing Service Platform, Sinopec Research Institute of Petroleum Processing and Institute of Materia Medica at Chinese Academy of Medical Sciences and Peking Union Medical College.
